## How do you affect others?

We've a tendency to adopt the attitudes of the people closest to us. That's why Paul wrote, **'Your faith will help me, and my faith will help you.'** The truth is that doubters get what they expect - and so do believers!

Looking for God's best in every situation isn't just scriptural; it helps you identify opportunities you'd otherwise miss. Seeing people through God's eyes causes them to be attracted to you and open in how they react. Is that important? Absolutely! Why? Because often your attitude will touch them before your message does.

Management consultant Fred Smith points out that there are two kinds of people in any organisation: **polluters and purifiers.**

The polluters are like smokestacks, belching out dirty smoke all the time. They hate clear skies, and no matter how good it gets they find a way to make it gloomy. When the people around them breathe their toxins they feel sicker and sicker.

Purifiers, on the other hand, make everything around them better. It doesn't matter what kind of rotten atmosphere they encounter. They take in the toxic words of polluters just like everyone else does, but they filter them before passing them on. What goes in gloomy and negative comes out fresh and clear.

The question is: when you spend time with people, do they walk away feeling better or worse? Do you clear the air by giving them encouragement and fresh perspective, or do they leave feeling downcast and discouraged?

Observe how people respond to you and you'll know which group you belong to.

## Church Jumble Sale - help needed

We are looking to institute regular church jumble sales as part of our programme of fund raising. As a starter we would like to try these out twice a year our first jumble sale will be on **Saturday 15th July 2017** and the second probably in late September or early October.

With the holiday season coming up, we need to start planning now if we are to be organised and ready for the first one, to make it go with a bang. Jumble sales do take a great deal of time and commitment to be a success, so the wider we can share the organisation and tasks, the better.

It is also an opportunity to bring people together in a shared endeavour. Above all we aim to make the day an enjoyable and fun labour of love, not least so that it encourages those who have taken part to volunteer for the next one!!

The various tasks which need to be done are available from **John Graney**, and we would be very grateful if you can let John know if you are able to take on one (or more!) of these tasks.
